## I. CANDIDATE QUESTIONS

Please state your position on the following issues by indicating whether you support or oppose each. You may elaborate in the space provided at the end or on additional paper.

---

### VOTING AND ELECTIONS REFORM

1. What is your position with respect to allowing voters who are registered as independents to vote in party primaries? Oppose
  
2. What is your position on passage of state legislation that would allow referenda initiated by the City Council and/or the public to appear on the ballot at the same time as a referendum initiated by a charter commission appointed by the Mayor? Support
  
3. What is your position on increasing the pay of Election Day poll workers above the current \$200 they are allotted per election event? Support
  
4. What is your position on restructuring New York's current board of elections model to eliminate political party responsibility for overall election administration and replace it with a system that narrows political party involvement to certification of candidate petitions and the actual counting of votes? Support
  
5. What is your position on having an election administration system where there is a local elections executive director appointed by the mayor upon recommendation by a new board that is chosen by the mayor and the city council? Support

---

### CAMPAIGN FINANCE REFORM

6. What is your position on implementing "war chest" restrictions that would prohibit a candidate from transferring funds raised in a previous election cycle into a current campaign committee for a different office? Oppose

7. What is your position on allowing campaign financing for ballot proposals? Support

---

**CITY COUNCIL REFORM**

8. What is your position on allowing Council committees to function more independently of the speaker than is presently the case? Support
- a. Should committee staff be hired by and report to committee chairs? Support
- b. Should committee hearings and votes be scheduled at the direction of the chairs? Support
- c. Should committees be able to issue subpoenas by a vote of their members? Support
9. What is your position on:
- a. limiting councilmembers' ability to earn outside income? Oppose
- b. making the job of councilmember a full-time position? Support
- c. eliminating or limiting stipends for committee chairs and leadership positions? Support
10. What is your position on requiring that any future increase in councilmember compensation not affect those serving in the current term of the council and only be applied prospectively to the following term? Oppose
11. What is your position on consolidating the current City Council committee structure and reducing the number of overall committees? Oppose
12. What is your position on term limits for elected officials? Oppose
13. What is your position on modifying the City Charter to require that changes to term limits may only be approved by the voters? Support

14. What is your position on the recent extension of term limits for the city's elected officials to three consecutive four-year terms? Please explain your answer. Oppose

---

\_\_\_I oppose the legislation because it didn't create a system wherein the Council terms end in thirds. If done properly, the Council should have voted to have 1/3 of the Council turn over every 4 years. That would have been a rational way to extend the limit.\_\_\_\_\_

**POLICY ISSUES OF IMPORTANCE**

Please state your position on the following issues by indicating whether you support or oppose each, where applicable. Please also use the space provided below each question or on a separate sheet of paper to elaborate on your positions on the questions which require a detailed answer. You may also provide additional information on any actions that you have taken or plan to take to advance your positions on these issues.

15. Knowing that the police department and commissioner retain ultimate authority for determining whether an officer is guilty and penalty, what is your position on transferring power to the Civilian Complaint Review Board to prosecute cases of police misconduct, such as force, abuse of authority, discourtesy, and offensive language? Support
16. What is your position on changing the current land use process under ULURP to increase the role of community-based planning? I believe that the community board vote should be more than advisory. Support      Oppose
17. What is your position regarding the creation of a Charter Revision Commission to review specifically the roles of the various offices of government and how well government has functioned since the 1988 and 1989 charter review commissions? Support
18. What is your position on reforming the current pension funding structure to create multiple tiers for future city government employees? Support      Oppose

- a. In FY 2008-09, New York City spent \$12 billion on pensions and fringe benefits for City employees out of a total budget of \$62 billion. What would

you do to address the growing pension costs borne by the city and New York City tax payers?

19. What is your position with respect to the City Council passing a resolution calling upon the State Legislature to establish a State Constitutional Convention? Oppose

a. If support, what are the three most important areas that need improvement?

---

---

---

---

---

b. Do you believe that greater home rule should be granted to the City of New York? If so, in what areas should further sovereignty be given?

Yes, for rent laws and other rules that affect the New York City tax base.

20. Taking into consideration the lessons learned from the debates surrounding congestion pricing and the Ravitch Commission's recommendations to provide the MTA with long-term funding, what would you propose to address the MTA's fiscal solvency issues and ensure that the burden for funding the MTA is equitably distributed among all stakeholders?

I would propose that the MTA be required to open its books.

21. What would you propose in terms of creating a greater role for the city council in determining and deciding the city budget?

The rules are there, the Council has to stop ceding its power to the Mayor.

22. What is your position regarding the City's past practice of using surplus tax revenues to pay down future health cost and pension obligations, and the decision not to do so this year?

It is smart to do so. Were there surplus tax revenues to use this year?

23. What is your view of how the taxes paid by New Yorkers compare to the value that is received in City services? Do you believe that taxes should be raised or lowered? To the extent you believe taxes should be changed, please provide specific proposals about what taxes you would raise and what services you would cut, if you didn't raise taxes, listed in order of greatest magnitude.

Taxes should be lowered. I would end all privatization which has led to corruption and exploitation.

24. Many policy advocates champion the creation of a more diversified economy, and one that is less reliant on Wall Street. What is your position on such a plan? If you support it, what would you do to diversify the city's economy? How would you adjust spending in New York City to accommodate the anticipated reduction in tax revenue as the tax base shifts to lower paying jobs?

I think there should be more investment in growth industries like green construction, biotech, information systems, transportation and infrastructure development.

25. What would you propose the Department of Education do to increase the ability for parents and teachers to become more meaningfully involved in the education system? What other positives changes can be made to the New York City public school system?

The only change that would bring real change is for the state to create a body that has oversight over the Mayor. Without that, you must end Mayoral control.

26. What would you propose to increase the transparency of the Board of Elections in the City of New York's operations and accountability to the city and its voters?

End mayoral control.

27. What would you propose to further enhance transparency regarding the relationships between council members, their families, and nonprofits that receive funding from New York City?

I think there is enough transparency in place.
