

Candidate Questionnaire - 2022 Primary

Dear Juan D Ardila,

Congratulations on your decision to run for a seat on the New York Legislature!

Citizens Union appreciates your commitment to serve the public.

In the following pages, you will find questions regarding your positions on various reform issues and your plans for office.

Responses to these questions will be one of several factors Citizens Union uses to evaluate candidates running for office, and to issue our preference for the June primary. Read more about the method, principles, and criteria of the candidate evaluation process [here](#).

**

If you wish to be considered, please submit the questionnaire by March 16.

If you seek our support, we will need to schedule an interview with you as part of the evaluation process. Given time constraints and the limited capacity of a member-based organization, we may not be able to evaluate all contests or candidates in this election cycle.

**

If you cannot complete the questionnaire in one sitting, you can click Save at the bottom of every page.

Once you submit the questionnaire, you will receive a confirmation email with your responses. Citizens Union will not be able to see your answers unless you submit the form. We plan to make responses to this questionnaire public on our website, printed voters directory, and other appropriate venues (your contact information will not be published).

For any questions, please email candidates@citizensunion.org

We thank you very much for your response.

(Please note: interviews are prerequisites for Citizens Union preferences and endorsements)

Signature

A handwritten signature in blue ink, consisting of stylized, overlapping loops and a long horizontal stroke extending to the right.

ETHICS

Do you support replacing Joint Commission on Public Ethics with an effective and independent enforcement body, whose members are not appointed directly by elected officials?

Yes

Do you support the new independent ethics oversight agency to also replace the Legislative Ethics Commission (LEC)?

Do you support allowing the new ethics body to investigate misconduct more effectively by simplifying its voting rules, giving it the authority to subpoena testimony and documents, empowering it to suspend or terminate public officials (not elected officials), and increasing its transparency?

Do you support significantly limiting outside compensation earned by state legislators and eliminate stipends, while increasing their pay?

Do you hold financial interest or serve as an officer on an entity that receives funding from the state? If you do, how will you manage this conflict of interest?

If needed, you may elaborate below on your positions on the previous questions. You may also provide additional information on any actions that you have taken or plan to take to advance your positions on these issues.

ELECTIONS AND VOTING

Election Administration

How would you use your power as a legislator to improve election administration in New York? Feel free to add any policy proposals you support in regards to reforming the BOE.

I want to push for the Board of Elections to no longer be run by party loyalists. It's insane that this body is run by political machine appointees, and I will be proud to support any legislation that changes this.

Do you support removing the constitutional requirement in election administration that empowers the two major political parties to nominate and effectively control election boards?

Do you support reducing the party-based hiring in boards of elections to the minimum currently required by the constitution?

Do you support implementing an open, competitive, merit-based hiring process for all election administration staff and certain functions at polls?

Yes

If needed, you may elaborate below on your positions on the previous questions.

Voting Rights

Do you support re-passing the constitutional amendment to enact same-day voter registration, and putting it on the ballot in 2024?

Do you support re-passing the constitutional amendment to enact no-excuse absentee voting, and putting it on the ballot in 2024?

If needed, you may elaborate below on your positions on the previous questions. You may also provide additional information on any actions that you have taken or plan to take to advance your positions on these issues.

Open and Competitive Elections

Do you support easing access to the ballot for parties and independent candidates, by returning to the pre-2020 voting and signature thresholds? That includes reducing the voting threshold to become a registered party back to 50,000 votes in a gubernatorial election, and the petition requirement for independent candidates back to 15,000 signatures.

Yes

Do you support reforming the process of filling vacancies in the state legislature by implementing nonpartisan special elections or holding a primary election at least thirty days in advance of the special election?

Who do you think should draw new district maps every decade in New York? (e.g., the current Independent Redistricting Commission, the Legislature/LATFOR, a new body)

If we could get a new, non-political body instead of one that simply calls itself "independent", I would favor it.

If needed, you may elaborate below on your positions on the previous questions. You may also provide additional information on any actions that you have taken or plan to

take to advance your positions on these issues.

CAMPAIGN FINANCE

Do you support further reducing campaign contribution limits?

Do you support setting even lower contribution limits for registered lobbyists and those who do business with the state?

Yes

Starting from the next election cycle, New York will have a public campaign finance program, offering matching funds on small donations for candidates who opt in. If you decide to run again in the next election, do you intend to participate in the program?

Yes

Do you support moving the campaign finance matching program to be administered by an independent, nonpartisan body outside of the State Board of Election?

If needed, you may elaborate below on your positions on the previous questions. You may also provide additional information on any actions that you have taken or plan to take to advance your positions on these issues.

COURT REFORM

Do you support simplifying and consolidating New York State's court system - which includes 11 trial courts - by passing the Chief Judge's proposed constitutional amendment to modernize the courts?

Yes

If needed, you may elaborate below on your positions on the previous questions. You may also provide additional information on any actions that you have taken or plan to take to advance your positions on these issues.

GOALS, PLANS, AND REPRESENTATION

What are the top three campaign promises or goals, and what action will you take to achieve them if elected? Feel free to reference an answer above rather than restate it.

First: Housing

Second: Street Safety

Third: Environmental Justice

If elected, what is the first piece of legislation you would want to introduce? If you are an incumbent, what is the first piece of legislation you would want to pass?

In providing constituent service, what are the major needs of your district's constituents and how will you meet them?

Upon becoming elected, I introduced a package of bills that would help New Yorkers' lives more affordable, including bills to eliminate MCI's and change the Area Median Income formula to make affordable housing in our city truly affordable to all.

What experience have you had, if any, with good government and reform issues? (e.g. voting and elections, campaign finance, ethics, government transparency and oversight, police accountability). If you've worked to advance these goals, we'd love to hear about it.

I have long supported, co-sponsored and voted in favor for good government and transparency laws in the Assembly. Some examples have been voting to fully fund our campaign finance board so we can have fairer elections, extending COVID-era open meeting laws that allow for remote participation, and applying FOIL to local development corporations.

How long have you lived in the district in which you are running?

Although I've technically only lived within the new district lines this past year, I lived a few blocks outside the Maspeth border of the district for my entire life, where I ran for NYC Council against Councilmember Bob Holden.

Have you lived in the district before this year's redistricting?

For incumbents: If your district has changed significantly following this year's redistricting, how do you intend to run your office to serve the needs of the new constituents you now represent?

PATH TO VICTORY

What is your win number (the number of votes needed to win this race), and what is your plan to achieve that number?

3,500

What are your current fundraising numbers, if different than the last campaign finance filing?

\$20,000 on hand, \$200,000 overall goal

How many individual donors do you have?

Approximately 200, but I can provide a more detailed answer after my next filing is processed.

Please indicate any endorsements that your campaign has received, if applicable (you can also share a link to a list of endorsements)
